

The handbook's vision, content, perfect organization, and easy-to-read style make it suitable as a special guidelines and source of information for students, teachers, programmers, interactive designers, heuristic evaluators, analysts, engineers, scientists, managers, and general reader. It may also serve both as a reference handbook for researchers and ICTs specialists, and as a textbook.

Caution and investigation are a necessary armor against error and imposition

Alexander Hamilton (1755 - 1804)
