

The handbook's vision, content organization, and easy-to-read style make it suitable as a special guidelines and source of information for students, teachers, interactive designers, heuristic evaluators, programmers, analysts, engineers, and general reader. It may also serve both as a reference handbook for researchers and ICTs specialists, and as a textbook.

Brothers be united because that is the first law; have they a truthful union any time it may be, because if they fight among themselves will they be devoured by those from outside.
